

“NO FOOD OR DRINKS”

Due to the increasing enrollment in the school district and more students with potentially dangerous medical conditions, the transportation department is taking proactive steps to ensure the safety of students who ride the buses. By eliminating food and drinks students with food allergies will not be exposed to harmful allergens. This will also avoid choking hazards. Consequently, NO FOOD AND/OR DRINKS WILL BE ALLOWED ON THE ROUTE BUSES. Exceptions are individuals who need access to food (i.e. diabetics). Individuals who have anything to eat or drink will be asked to put it in their backpacks while they are on the buses.

At this time food and drinks WILL BE ALLOWED on activity and field trip buses. Teachers, coaches, and sponsors will be informed of any potential problems that might exist.

If you have any questions or concerns, please call Doug Northrup, transportation director, or Jeanette Sanborn, assistant transportation director, at 367-2130, extension 1.
